

Press Corner - Media Books

The Media Books provide key information such as results, times, scores and rankings related to a past event or a Series. Information concerning the competition format, the hosts, the entries as well as the awards can also be found within these documents.

The Media Books, updated after the conclusion of an event or a Series for the following year, are particularly useful to quickly look up previous year's results and keeping track of an event's history year after year.

All books for the 2017 season are currently being updated.
