Doping Offence - Yassmin Ahmed Mahmoud (EGY)

FINA Communication Department

On 26 November 2016, the swimmer **Yassmin Ahmed Mahmoud (EGY)** was tested positive to the prohibited substance **19-Norandrosterone (Class S.1.1.A Exogenous Anabolic Androgenic Steroids)** following an in-competition doping control test.

The Disciplinary Committee of the Egyptian Swimming Federation imposed a sanction of **four (4) years' ineligibility** period on the athlete starting on 17 January 2017, for her first anti-doping rule violation.
