 China is a populous nation in East Asia whose vast landscape encompasses grassland, desert, mountains, lakes, rivers and more than 14,000km of coastline. Capital Beijing mixes modern architecture with historic sites such as the Forbidden City palace complex and Tiananmen Square.

Beijing formerly romanized as Peking, is the capital of the People's Republic of China, the world's second most populous city proper, and most populous capital city. The city, located in northern China, is governed as a direct-controlled municipality under the national government with 16 urban, suburban, and rural districts.

Beijing has successfully hosted (outside the Diving World Series) other major FINA events (Swimming World Cup, Artistic Swimming World Series).
