

Statistics 2019

[January](#) [1] [February](#) [2] [March](#) [3]

From 1st January 2019, the International Testing Agency (ITA) is running the FINA Out-of-Competition Testing Program and the FINA Biological Passport Program.

Nota Bene: a mission on an athlete may consist of various tests and analyses: urine sample, blood sample for athlete passport, blood sample for other blood analysis (e.g Blood Transfusion CERA, HBOCs, Growth Hormone, etc).
