Individual Qualification

Qualification Events

Olympic Qualifying Time (OQT / “A” Time) and Olympic Selection Time (OST / “B” time)

For each individual event at the Olympic Games, the FINA Bureau will establish Standard Entry Times of two (2) types: an “*Olympic Qualifying Time*” (OQT / “A” Time) and a “*Olympic Selection Time*” (OST / “B” Time) of which the OST / “B” Time shall be easier to achieve. Standard entry times can only be achieved in competitions approved for that purpose by FINA during the qualification period from **1 March 2015 to 3 July 2016**.

FINA will establish a calendar with approved qualification events for individual entries. The calendar will be published on www.fina.org by 28 February 2015; it includes FINA World Championships; Continental Championships; Continental Qualification Events; National Championships and Trials; Qualification Events approved by FINA. At all qualifying events approved by FINA, only Referees and Starters on FINA Officials Lists are eligible. The timing system for the events must also be described by the Organiser. The list of the qualification times to be achieved by the athletes per event and per standard will be approved by the FINA Bureau in December 2014.

QUALIFICATION SYSTEM – GAMES OF THE XXXI OLYMPIAD – RIO 2016

Athletes who have achieved the Olympic Qualifying Time (OQT / “A” Time)

Swimmers who achieve the OQT / “A” Time in one or more individual events are automatically qualified to participate in the Olympic Games.

NOCs can enter two (2) athletes in the same event, only if both athletes have achieved the OQT / “A” Time.

Invited athletes who have achieved an Olympic Selection Time (OST / “B” Time)

Following the end of the qualification period, FINA will assess the number of athletes having achieved the OQT / “A” Time, the number of relay-only swimmers and the number of Universality Places.

FINA will then invite athletes who have achieved an OST / “B” time, until the total quota of 900 is reached. OST places will be distributed by event, according to the position on the FINA World Ranking of **3 July 2016**.

Additional swimmers having achieved an OST / “B” time may be invited to ensure that all NOCs represented at the 2015 World Championships in Kazan (RUS) will have an eligible swimmer to participate in the Olympic Games.

NOCs can only enter one (1) athlete per event having achieved an OST/“B” Time. Swimmers invited through OST/“B” Time are only allowed to compete in the events for which they received the FINA invitation.

Relay Qualification

Qualification Events

There shall be a maximum of sixteen (16) qualified teams in each relay event, for a total of 96 relay teams.

Each NOC may enter only one (1) team in each relay event.

FINA World Championships

The first 12 placed teams in each relay event at the 16th FINA World Championships in Kazan (RUS) in 2015 shall automatically qualify for the relay events at the 2016 Olympic Games.
