CHAMPIONS SWIM SERIES

Champions Swim Series 2020

#1Champions Swim Series 2020 #2

From 2019, elite swimming stars have the opportunity to shine in a new successful FINA competition, the “**FINA**

Champions Swim Series”, a circuit gathering the top-athletes of the Sport. With an original competition format including

only finals of four swimmers, the Series already became a milestone in the FINA calendar.

The main goals of this new international gathering are to give high-level swimmers increased attention and additional occasions to compete, thus generating stronger international TV, digital and media interest, and creating another world-class platform for Swimming on a yearly basis.
