COVID-19 Advice for FINA Family

Following the declaration of World Health Organisation that the current COVID-19 outbreak has now reached a worldwide pandemic status, FINA advises its members, athletes and aquatic fans to maintain good hygiene and have prevention measures against COVID-19. Below documents can be used as a reference for prevention of COVID-19 and routines for workout at home.

Prevention of Covid-19

WADA understands that athletes have questions concerning antidoping in light of the ongoing COVID-19 pandemic. Therefore, with the help of our Athlete Committee, WADA have developed a Q&A document that covers some of your most frequently asked questions:

### WADA whereabouts information for athletes

[3]

Stay Healthy at Home [4]

We also recommend to check below webpage for updates from IOC for Corona Virus advice to all athletes in general:

The recently-created FINA Taskforce considered the impacts of the current situation with regard to the health of our athletes by assessing the risks of hosting forthcoming FINA competitions. A number of significant decisions were made to postpone or cancel events. FINA’s overriding concern at this challenging time is to proactively safeguard the health of all event participants, and also to safeguard public health in general.

In addition to the outbreak itself, government restrictions and guidance on events and travel as well as recommendations of the World Health Organisation and the International Olympic Committee have been considered carefully by FINA’s COVID-2019 Taskforce. FINA has also been in discussion with the host federations and committees involved, to which FINA remains deeply grateful for their efforts to further Aquatics.

Consequently, FINA would like to inform that the following event changes have been agreed:
Olympic Games 2021
23 July - 08 August 2021 - Tokyo

Following the postponement of the 2020 Tokyo Olympic Games to the summer of 2021, FINA is currently reviewing the dates for the following events:
