

Windsor 2016 - City of Windsor

From world-class gaming and entertainment to fascinating historical and cultural landmarks, the City of Windsor has all of it and more! If you love to eat, you're definitely in the right place. From Italian to Asian, Middle Eastern to African, our wide range of culinary options can satisfy any craving.

When it comes to fun and excitement, Caesars Windsor is always a sure bet. Located on our stunning downtown waterfront, this casino resort is the largest of its kind in Canada, with restaurants, lounges, live entertainment, premier convention space and two luxury hotel towers.

With a pleasantly moderate climate, Windsor has 211 parks encompassing 2,400 acres of green space. Play one of our challenging golf courses, explore prairie parklands with lush grasses and rare flowers or just stroll down our scenic riverfront paths. We even have one of the world's most unique outdoor sculpture gardens, our "museum without walls" along the Detroit River.
