# Most memorable FINA World Championships come to an end in Budapest

FINA Communication Department

The 17th edition of the FINA World Championships concludes today, July 31, in Budapest (HUN), which has played host to the biggest sporting event ever hosted in the country for the past 17 days.

FINA and the Budapest 2017 Organising Committee addressed the media representatives at the closing press conference, held at the Duna Arena, before the final swimming session of the week.

“Our National Federations, our athletes, coaches and officials, lived an intense experience during these two weeks. They found outstanding venues in superb locations; they were supported by immense crowds; they produced wonderful performances; and they could enjoy the hospitality and kindness of the Magyar people.”, said the newly re-elected FINA President Dr Julio C. Maglione.
