THE FINA WORLD WATER POLO CONFERENCE
BUDAPEST 2018
ERIC Sports is a company that offers technical solutions to all the fields of sport activity, including training, competitions, coaches, players, referees, health services, scouters, mass media and sports analysts, in 28 different disciplines.

During the last 9 years, our team has been growing and working in collaboration with our customers to develop and mature the products and services that now are used in 4 continents, from sport schools to the best clubs in the World.

ERIC Sports Platform is the most advanced solution to code, ingest, analyze, filter, present and share the relevant information of all the games of a tournament with all the actors of the event (players, coaches, referees, media and fans).
The mission of ERIC Sports is to deliver a higher quality of tactical awareness and performance improvement in sport through our video analysis revolution.

The overall usage of video in match and training analysis, along with professional research, benefit our partners in terms of overall development of their players and employees.
