MESSAGE FROM THE FINA PRESIDENT

It is my great pleasure to welcome the world's best divers and their respective National Member Federations to the 2019 edition of the prestigious FINA/CNSG Diving World Series.

Aimed at giving more visibility worldwide to our diving stars from around the globe, this year's competition includes five meets: Sagami-hara (JPN) from March 2-3, Beijing (CHN) from March 7-9, Montreal (CAN) from April 26-28, Kazan (RUS) from May 10-12 and London (GBR) from May 17-19.

China National Sports Group (CNSG) is the Title Sponsor of the Series sponsor for the period 2018-2021.

The new partnership between FINA's most influential and highest level annual diving competition outside of the FINA World Championships and the Chinese sponsor aims to enhance the promotion of this competition and the discipline within the Chinese market, China being the sport's most successful nation of the last three decades.

The world's top athletes from different countries gather together and compete against each other at the Diving World Series, not only providing the audiences with a splendid visual show, but through their strive for excellence and greatness also perfectly embodying the corporate value of CNSG.

CNSG is a state owned sports industrial business organisation whose major shareholder is the Chinese Olympic Committee. CNSG business scope covers sports venue construction, sports venue management, sports event organisation, sport lottery services, sports real estate services, sports investment management and business incubation, and after years of development the CNSG has become a valuable brand with a strong market influence in the Chinese sports industry.

Over the past years, the international exposure of the best FINA divers has been boosted through the professionally-organised events, and high quality TV coverage of each meet (including live and VOD streaming on FINATv and FINA Youtube channel) and increased prize money for the top-level competitors has also been constant.

With the active support of our National Federations and their best divers, and with the commitment and hard work of the organisers of the Diving World Series, I am convinced that the 2019 edition will once more be a step forward in the worldwide promotion of this discipline.

I would like to express my gratitude to all the spectators, media, event sponsors and our organisers, whom we really value as partners in this successful strategy.

I wish all participants in the 13th FINA Diving World Series 2019 the best of luck.

Competition Format

Participation: Participation: For Individual events, 8 divers representing National Federations will receive direct invitations from FINA to participate in each discipline of the DWS, based on their ranking in the following qualifying events:

- for 2018, the FINA World Championships 2017
- for 2019, the FINA Diving World Cup 2018
- for 2020, the FINA World Championships 2019
- for 2021, the Olympic Games 2020 (for Mixed Synchro, the FINA World Championships 2019)

For Synchro and Mixed Synchro events, 6 teams representing National Federations will receive direct invitations from FINA to participate in each discipline, based on their ranking in the qualifying events, plus 1 team from the HMF (if not qualified in the top-6). Mixed Synchronised Diving will be as detailed in 4.4. The rule of “direct invitations” applies.

If participation of divers is lower than 8 in the individual events, then the entered synchronised divers of the same event will be offered the opportunity to dive in the individual event subject to placing in the preceding major event (FINA World Championships, FINA Diving World Cup or Olympic Games) or the previous leg of the FINA Diving World Series.

Starting from 2019, the overall winners of the four individual events of the FINA Diving Grand Prix, will each have the right to obtain a place in the FINA Diving World Series, as specified by the Rules & Regulations of the FINA Diving Grand Prix. Such attendance will have to be covered by the National Federation of the qualified diver. No financial subsidy will be provided by FINA nor the organizing committees. The qualified divers will be eligible for local prize money of the events they are attending, as well as for overall prize money, in case they attend all four events of the Series.

Host Federations, at their own expense, may enter 1 diver/team under the wild card system at each DWS leg if they do not have a qualified diver/team in the event. Additional places may be awarded to Host Nations at the Technical Meeting. FINA may also allow wild card entries. FINA may invite an additional synchro team under special circumstances. ***Additional participation is awarded at each individual leg and does not carry forward.***

Individual Competitions: The Individual competitions comprise 3m Springboard and 10m Platform for both men and women, and will be held as a tournament in each event with 2 Semi-finals of 4 or 5 divers each and a Final with the 3 best divers from each semi-final.

The tournament system is the format for the individual competition, based only on dives with an unlimited degree of difficulty (6 dives for men and 5 dives for women). The tournament is organised as follows:

For the first event each year, the divers will be seeded in the semi-finals according to their ranking in the FINA-specified DWS qualifying event, with the divers ranked 8, 6, 4 and 2 in Semi-final A, starting in that order in the semi-finals as well as in the finals, and the divers ranked 7, 5, 3 and 1 in Semi-final B, starting in the same order.

At the 1st leg of the DWS 2018-2021 all invited divers will be ranked according to the specified FINA qualifying event.

Additional divers will start as number one in Semi-final A or B, decided by the drawing of lots. In the subsequent DWS the divers will be placed in the Semi A+B according to their placing from the previous DWS event.

Remaining places may be filled by host divers and those divers participating in the corresponding synchro event from the same height. The draw will take place at the Technical Meeting at each leg no later than 24 hrs before the first event.

In all sessions, the divers perform only dives with unlimited degree of difficulty, 6 for men and 5 for women.

Synchronised Diving Men/Women (3m and 10m): The Synchronised diving competitions will be held as a direct final. The start order will be in reverse order of their ranking from the FINA-specified qualifying event at the first DWS Event each year. For each following leg, the teams will dive in reverse order from their ranking in the previous DWS Event. Any wild-card team (see R&Rs 4.1) starts as number one.

The finals comprise 6 dives for men and 5 dives for women, of which the first two (2) rounds of dives have an assigned Degree of Difficulty of 2.0 for each dive regardless of the formula.
