NOTE: These procedures for the taking of a mail vote shall apply not only to the FINA Bureau but also to all of the FINA Technical

BL 9.3.6 Swimming

BL 9.3.6.1 For each individual event at the World Championships, the FINA Bureau will establish Standard Entry Times in two levels: "A" and "B", of which "B" shall be easier to achieve.

a) Standard Entry Times can only be achieved in competitions approved for that purpose by FINA.

b) For each individual event at the World Championships, each National Federation may enter a maximum of two (2) competitors. To enter two (2) swimmers in the same event, both of them must have achieved the "A" Standard Entry Time.

c) To enter one (1) swimmer in an event, the competitor must have achieved at least the "B" Standard Entry Time.

d) Swimmers having achieved only one (1) "A" or one "B" entry time are entitled to enter one (1) additional event. The additional individual event must be in an event where no other swimmer from the National Federation has been entered.

BL 9.3.6.2 At the World Championships, National Federations may enter swimmers who have not achieved either Standard Entry Time as follows:

- a) With no swimmers who have achieved the “A” or “B” Standard Entry Time: National Federations may enter up to four (4) swimmers, two (2) men and two (2) women.
- b) With one (1) or two (2) swimmers who has achieved the “A” or “B” Standard Entry Time: National Federations may enter up to a maximum of four (4) swimmers (two (2) men and two (2) women), and with three (3) swimmers who have achieved the “A” or “B” Standard Entry Time, one (1) additional swimmer provided that both genders are represented.
- c) The swimmers who have not achieved either Standard Entry Time will only be permitted to enter up to two (2) individual events each.
- d) An individual entry for a swimmer without an “A” or “B” Standard Entry Time must be in an event where no other swimmer from the National federation has been entered.

BL 9.3.6.3 At the World Championships, each National Federation may enter only one (1) team in each relay. All swimmers entered in individual events can be used in relays, even if they have not achieved an “A” or “B” Standard Entry Time for the corresponding stroke and distance of the relay in which they are entered. Each National Federation may enter additional swimmers for relays only, provided that they have achieved the “B” Standard Entry Time for the corresponding stroke and distance of the relay in which they are entered. Any additional swimmers must be within the maximum quota of swimmers for the event.

The following formula shall apply:

- One (1) Relay - two (2) additional swimmers
- Two (2) Relays - four (4) additional swimmers
- Three (3) Relays - six (6) additional swimmers
- Four (4) Relays - eight (8) additional swimmers
- Five (5) Relays - ten (10) additional swimmers
- Six (6) or more Relays - twelve (12) additional swimmers

BL 9.3.6.4 For each individual event at the Olympic Games, the FINA Bureau will establish Standard Entry Times of two types: an “Olympic Qualifying Time” (OQT) and a “FINA/Olympic Selection Time,” of which the “FINA/Olympic Selection Time” shall be easier to achieve. Standard entry times can only be achieved in competitions approved for that purpose by FINA.

BL 9.3.6.4.1 Olympic Qualifying Time (OQT)

For each individual event at the Olympic Games, each National Federation/NOC may enter a maximum of two (2) competitors. To enter two swimmers in the same event, both swimmers must have achieved the “Olympic Qualifying Time.” To enter one swimmer in an event, the competitor must have achieved at least the OQT or must have achieved the “FINA/Olympic Selection Time,” and be invited by FINA to compete.

Swimmers who achieve the “Olympic Qualifying Time” in one or more individual events are automatically qualified to participate in the Olympic Games.

BL 9.3.6.4.2 FINA/Olympic Selection Time

After determining the number of swimmers who have achieved the Olympic Qualifying Time, the number of swimmers entered in relays and the number of swimmers of National Federations/NOCs who have not achieved either Standard Entry Time based on BL 9.6.3.5, swimmers with the FINA/Olympic Selection Times may be invited. The number of invitations will be determined by the athlete quota/target established by the International Olympic Committee.

Swimmers who achieve the “FINA/Olympic Selection Time” are eligible to be invited to participate in the Olympic Games and will be invited to compete in the Olympic Games until the IOC quota/target is reached. FINA will invite swimmers with FINA/Olympic Selection Times to participate based upon the following:

- In individual events, swimmers will be compared to an Olympic Games Qualification Rankings compiled from 1 March 2015 through 1 July 2016, using only FINA-approved competitions, with only two athletes per country permitted into the rankings (if a country has more than two, those additional athletes will not be included).
- Those athletes with the highest Olympic Games Qualification ranking will be invited first until the IOC quota/target is reached.
- Should there be a tie in selection of the IOC quota/target, all athletes who are tied will have their times compared to the FINA Points Table from 1 January 2016, and those athletes with the highest point scores will be invited first until the IOC quota/target is reached. For example, if there are three spots remaining, and five athletes tie in the Olympic Games Qualification ranking placing, those athletes’ times will be given a point score and the athletes with the top three FINA Point Table scores will be invited to participate at the Olympic Games.

The priority order for qualification into the Olympic Games will be:

- All athletes with Olympic Qualifying Times
- Athletes on relays
- Universality athletes
- Invited athletes who have achieved a FINA/Olympic Selection Time

BL 9.3.6.4.3 NFs/NOCs without qualified athletes – Universality

National Federations/NOCs with no swimmers who have achieved either Standard Entry Time may enter one (1) man and one (1) woman (Universality), provided that those swimmers participated in the 16th FINA World Championships – Kazan 2015 and are invited by FINA to compete.

BL 9.3.6.5 In the Olympic Games, not more than sixteen (16) teams can be entered in each relay competition. The top twelve (12) finishers at the 16th FINA World Championships – Kazan 2015 shall be qualified based upon the results achieved in the heats. The four (4) other teams shall be selected by FINA on the basis of the fastest times achieved in the fifteen-month period before the Olympic Games (1 March 2015 through 1 June 2016) in competitions approved for that purpose by FINA. If any qualified teams are not able to participate for any reason, available slots will be filled on the basis of next fastest times achieved in the fifteen-month period before the Olympic Games in competitions approved for that purpose by FINA. Individual times may not be aggregated for relay qualification purposes.

Each National Federation/NOC may enter only one (1) team in each relay event. All swimmers entered in individual events can be used in relays, even if they have not achieved the FINA/Olympic Invitational Time for the corresponding stroke and distance of the relay in which they are entered.
